				\$543.06		\$357.69

Item: R89243

Description: Micro Bow Saw

4-1/4" long Micro Bow Saw provides delicate control, go-anywhere versatility and precision when sawing a wide range of materials. Clever design allows you to work with virtually any jeweler's saw blade . . . even the fragments of otherwise useless broken blades! Well-made of steel, brass and lacquered wood.

MSRP: \$14.95

Item: R82110

Description: Micro Drill

This unique Micro Drill combines the comfort and ease of use of a ball-end pin vise with the convenience of a universal chuck, providing you with a tool that's sure to become a favorite. Holds drill bits and taps with shank diameters of 1/64" to 1/8".

MSRP: \$29.95

Item: R26104

Description: Micro Drill Bits, #61 - #80

For use on wood, plastic, and metal. 20 bits from #61 (.039"), to #80 (.0135"). Folding index has embossed IDs. Top-quality, high-speed steel bits provide long-lasting sharpness.

MSRP: \$14.95

Item: R89328

Description: Micro Square

Count on this specially designed, hardened and machined steel square to make the most accurate and true markings you've ever seen. Notched inside corner prevents accumulation of debris.

MSRP: \$17.95

Item: R60928

Description: Micro Clamp Set

This set of 5 nickel-plated steel micro clamps has that "just right" tension required for working in miniature. Self-closing clamps are 3/8" long with 3/16" capacity jaws. Vinyl-coated cushioned grips make them comfortable and easy to use.

MSRP: \$14.95

Item: R84440

Description: Precision Micro Scissor

Ultra-sharp, precision-ground jaws with anti-slip microscopic serrations and spring-loaded knurled handles provide the control needed to make perfectly smooth cuts in delicate materials . . . every time. Beautifully made of stainless steel. Jaws are 1/2" long. Overall length is 4-1/2".

MSRP: \$17.95

Item: R83261

Description: Thin-Beam Square

Use the Thin-Beam Square to mark and cut thin wood and plastic. The extra-thin profile of the beam allows the blade to stay in close contact with the surface of the workpiece, so scribe lines and knife cuts will be super accurate. Works on sheet and strip stock up to 4" wide and as thin as 1/16". Made of ground steel.

MSRP: \$19.95

Item: R60348

Description: Micro "Yankee" Drill

Knurled ring slides up and down the spiral brass handle, causing the drill bit to turn. Drill holes in wood, plastic and thin brass in half the time as an ordinary pin vise. Swivel head lets you exert downward pressure while drilling. Steel chuck holds bits from no. 61 through 80. A worthwhile addition to any workshop. 4" long overall.

MSRP: \$14.95

Item: R60699

Description: Mini Tweezer Set

A nicely made, never-rust tweezer set that's about 40% smaller than typical tweezers, making them ideal for handling micro-size items. Includes self-locking, needle point, angle point and flat smooth point. The flat point is good for applying decals and handling other items that could be marred by sharp points. 4-1/2" long.

MSRP: \$19.95

Item: R85934

Description: Precision Marking Knife

The most-accurate way to mark wood for cutting, the tool steel blade of this marking knife is sharpened to a razor edge, which severs wood fibers as the knife is drawn over them. Produces a very accurate line, aids in making precise cuts with saw or chisel.

MSRP: \$24.95

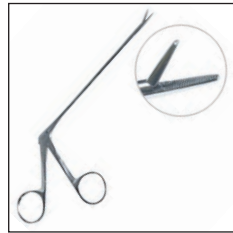

Item: R80975

Description: Cordless Mini Paint Mixer

Just insert the spin disk of this Cordless Mini Paint Mixer into the jar and push the button. To clean, spin in a bottle of thinner. Even mixes old, settled paint. Handles bottle depth up to 3". Requires 2 AA batteries (not included). The mixer wand measures 3" long with a 7/64" diameter shaft and 7/16" diameter mixing head.

MSRP: \$12.95

Item: R60357

Description: Crocodile-Action Grabber, 5-1/2"

The Crocodile-Action Grabber is actually a brilliantly designed surgical instrument, repurposed for use by craftspeople, makers and DIYers. Unlike a hemostat, only the crocodile jaws at the very end open. You can pass the end through a 3/16" hole and still open and close the jaws! (Narrow part of the "neck" reaches 4-1/2")

MSRP: \$29.95

Item: R26101

Description: Spiral "Yankee" Style Push Drill

Spiral "Yankee" Style Push Drill operates by pushing the handle up and down along the spiral bar. Fast, easy, accurate and portable. Better than a pin vise for drilling multiple small holes in hard-to-reach places. Steel collets take drill bit sizes from 0 to .059" (#53). Drill is approx. 7-1/2" long.

MSRP: \$24.95

Item: R88040

Description: Mini Angled Precision Shear

Ergonomically-designed Precision Mini Angled Shear is a pleasure to use. Super-sharp blades cut plastic, leather, rubber, paper, wood veneers and thin sheet metal with minimal effort. Leaf-spring action eliminates the hand fatigue created by ordinary shears. 7-5/8" long overall. Blade length is approximately 1-1/2".

MSRP: \$17.95

Item: R83434

Description: Precision Brass/Nylon Mallet

This Precision Brass/Nylon Mallet is what a professional toolmaker would fabricate for himself. Fully-machined 4 oz. head includes screw-on tips with 1/2" diameter brass and nylon inserts for no-mar hammering. The comfortably contoured hardwood handle is secured with a screw fastener for wobble-free accuracy. 9" long.

MSRP: \$24.95
